Cattery of European Shorthair Cats (FIFe reg. no. 7944)

This officially certifies the origin, name, and honorary godparenthood of

Penrose

Penrose of Felis Noetica

ID: FS01-G02-M006

Date of Birth: 27 July 2026

Dam: Sofie (G1, O/o S/s)

Sex: Male (♂)

Coat: Solid Black (o/Y a/a)

Sire: Unrelated tomcat from Runářov (silver tabby, o/Y)

Meaning & Dedication: Sir Roger Penrose OM FRS

Named on **8 August 2026** on the occasion of **Sir Roger Penrose OM FRS** turning ninety-five, in honour of his discovery that black hole formation is a robust prediction of the general theory of relativity (Nobel Prize in Physics 2020), of the singularity theorems that bear his name, and of his pioneering work on Penrose tilings and twistor theory. This kitten embodies deep curiosity, elegance, and the quiet mystery of invisible horizons.

Viktor Lošťák

Breeder / Felis Noetica
